

THE WAY LIFE SHOULD BE LIVED

18 - 24 NOV 2010

Dear Homeowners

We again had some good rain over the last couple of days and the Estate is just looking beautiful.

We are busy with quite a few projects in preparation for the December holidays with the main emphasis on the new beach facility and improved parking facilities at the South Gate. We continue the work with the improvement of the cart paths and are currently busy on the 17th.

The sale agreement in respect of Lot 48 has finally been

signed by the various parties and we await transfer of this property into the name of the Prince's Grant Homeowners' Association. This facility will no doubt improve our access control particularly in respect of visitors to the Estate.

Homeowners' will notice a number of new faces at Prince's Grant during the December holidays and beyond. Prince's Grant has entered into an arrangement to provide internships for graduates. This involves providing on the job training for people who have already qualified in their areas of interest. It is essentially a mentorship program and we hope the Estate as well as the respective individuals who all live in the surrounding areas,

will benefit from this training. There are no costs to the Prince's Grant Homeowners' Association as the graduates salaries are paid for by the training institution affiliated with Services SETA. We hope homeowners will enjoy the presence of these young and vibrant students.

Our Christmas holiday program is in the process of being finalised and will be available on the Prince's Grant website shortly.

Chris

We are making use of a quiet week to train new staff and paint the Halfway House. We are pleased to welcome our interns and have placed them in departments where they will receive experience which will help them in their chosen field. Their fields range from accounting to sound engineering! I am sure that this will benefit us greatly during our busy December period.

Due to the popularity of our Friday chicken braai being ordered as a take away, we kindly request that orders be placed early to avoid disappointment as it has been sold out early in the last few weeks.

EVENTS

The Lodge will be hosting the Pegasus Corporate Day Dinner on Thursday evening. Their guests are filling the Lodge and staying in houses on the Estate.

Golf...
