

Captain Zee's newsletter number 42 14th August 2011

It's Sunday evening and freezing out there! A glass of good port or red wine is the only remedy for instant relief.

Your Custodians committee met last Wednesday and once again agreed on some pertinent changes that need be addressed, notably amongst others:

The ladies back tee box on the 13th is to be raised.

Entrance to the 13th green needs to be redesigned.

The ladies back tee box on the 15th (north of the road) needs to be enlarged. Similarly bush encroachment is to be addressed thereby allowing those players a clear view of the fairway.

A pedestrian bridge over the stream on the 7th is to be erected.

The proposed new cart path on the 2nd was approved.

The warm up range (parallel to the 9th fairway) is nearing completion and the green is to be planted with various different varieties of paspalum grass.

The course was relatively busy this weekend with a number of groups noted on Friday and Saturday and the school charity sponsored day was well supported today.
